## EDUCATION

### Bachelor of technology - ECE
Guru Tegh Bahadur Institute of Technology
*08/2017 - 08/2021*

## PROFESSIONAL EXPERIENCE

### Web Developer
MPHASIS LIMITED
*02/2022 - 05/2023*
*Achievements/Tasks*

- Develop user interfaces using React.js and its ecosystem.
- Collaborate with design teams to implement responsive and visually appealing web applications.
- Implement state management using tools like Redux for complex applications.
- Collaborate with backend developers to integrate frontend components with server-side logic.
- Write reusable and efficient code, ensuring the best performance and scalability of applications.

### Chegg Subject Expert in Advanced Physics
CHEGG, DELHI
*10/2020 - 06/2021*
*Achievements/Tasks*

- Served as a Chegg subject expert, offering specialized knowledge in advanced physics.
- Provided valuable assistance to students, aiding in the comprehension of intricate concepts and problem-solving.
- Played a key role in facilitating a better understanding of advanced physics topics through expert guidance on the Chegg platform.

## SKILLS

`React` `JavaScript` `SQL` `Redux` `Java`
`HTML` `CSS` `UNIX` `TailwindCSS`
`cloud fundamentals` `Networking concepts`

## PROJECTS

### Food Delivery Web App (11/2023 - 01/2024) ⤴

- Created a dynamic food delivery application using React, Tailwind and Parcel, seamlessly integrating live Swiggy APIs. This project showcases my proficiency in web development, API integration, and user interface design.

### UrbanHive an Ecommerce web app (04/2024 - Present) ⤴

- Crafted a fully responsive eCommerce clothing platform with React, Tailwind CSS, and Redux, ensuring optimal user experience and security. Integrated personalized recommendations and a secure payment gateway, with ongoing enhancements planned for social media integration and expanded product offerings.
